

## 1 Star (Generic) Syllabus.

### Aim

The 1 Star is a clear stepping stone to becoming a paddler. Designed as a basic award, the one star is the level people would typically reach after an introductory course of six hours quality water time.

### Craft

The award is obtained by taking the assessment in any style of kayak or canoe (where the test is taken by a doubles crew, a variation of bow and stern positions must be demonstrated).

### Pre-requisites

Candidates must be water confident and ideally should be able to swim. This is desirable but not essential. If under 14 the learning program of Paddle Power might be more appropriate.

### Venue

Sheltered water
